

# Community Center Team

01/11/2024

- Spoke with other communities that have been able to build community centers, or are working on it, like Avon & Redwood Falls.
- Redwood Falls
  - 600 Families per year @ \$600/family to provide operating funds
  - Tens of Millions to build
  - \$20,000 to do feasibility study
- One key member of our Community Center Team is south for the winter, so we're looking for more members/connections to help keep us moving forward.
