Yes		55-64 years of age	Unsure	Less Than Once A Month (1-12 times per year)	None	Very cost dependant/free then probably less than once a month												Didn't we already have this event space as Greards. Short on workers. Expensive to maintain. How is this community center going to skirt those same issues? And what about taking away revenue by our small town business owners. Raise the bar, snap fitness, the school. ??

Inflation coupled with the school district has crippled, or at least put a damper on family finances. Please do the right thing and back burner this until our country can figure out how to make America prosperous again for the people.

A play area with trampolines and tunnels like Airmax or Shenanigans. A pool where you could relax without going to the hotels or school. Just an all around great place for weddings, reunions, Anniversary or even just small events for the holidays.

I think areas for young children to play indoors, as well as areas for adults to play sports/work out is the most important. I can also say that an indoor pool would be awesome and we would absolutely make use of it. I used to pay monthly to swim at the high school, but this is severely limited to early, mid-week mornings only. Which is why I quit using it.
